## Principal of the Day

Two grade 4 students from Little Mountain Elementary had the opportunity to experience a day as Principal and become "Principal of the Day" on June 5. Over the past month Little Mountain Elementary classes have been involved in Run4Water activities, one of which was raising funds to bring clean water to a village in Ethiopia. For every 50 cents that a student brought in, they were given a ticket to enter the draw for Principal of the Day.... Students raised in excess of \$1700!!

Mattea's name was drawn as Principal of the Day and she then drew out Amanda's name as Vice-Principal. Their duties on June 5 included, organizing and monitoring our school spirit day (Wacky Hair Day), visiting and reading a story to a number of Primary Classrooms, supervising at Recess (which they extended by 5 minutes!), judging talent show auditions at lunch and visiting the School District office. They said they had a great day!

*The students are pictured at the desk of Superintendent of Schools, Evelyn Novak, accompanied by Director of Instruction, Kirk Savage.*
