

**Game/Activity:** Physical Literacy

**Grade Level:** Elementary

**Description:**

Jessica sent us this link. She was lucky enough to see this group present at a pro-d event. Sean and I have since had an awesome meeting with Diane Nelson, Director of Instruction; Learning and Innovation with the West Vancouver School district. We are looking to follow west Vancouver's lead and find new and exciting ways to introduce physical Literacy into the elementary grades. The below link gives you an idea of what we are exploring.

If you are interested in becoming involved in this initiative please contact:
