 - 2.5. Chair's Report
 - Members from the DPAC Exec attended a partner meeting with the Special Advisor, Mike McKay, to discuss Inclusive board practices.
 - It was a large group, and difficult to participate in a meaningful way therefore DPAC will submit a follow-up email
 - DPAC hosted Suzanne Perrault who provided parents an presentation regarding IEPs. If parents missed the event she will be doing another presentation in October. The link will be posted in the DPAC event when available.
 - FSA's will be rolling out again this Fall.
 - Parents should know they have every right to opt their child out of writing the FSAs without retribution or exclusion from education time. If parents are asked to remove their child from school during FSA's and need additional support DPAC can help provide support.
 - Staff who are unable to wear a mask are being accommodated by using other safety measures, such as physical distancing and barriers
 - Teachers K-3, at the request of parents, will support your child to wear a mask

- Saleema Noom's Parent information presentation is booked for March 8th from 630-8pm
 - DPAC is offering to fund the opportunity for 2 classes at 2 schools to access Saleema Noom's programming in school, in addition to an additional parent workshop. Coordination for this would need a parent to gain approval from their school admin and a teacher. Please let DPAC know if you are able to arrange this as soon as possible as Saleema's schedule fills up quickly.
- The Rotary Club organizes an annual fundraiser for A Children's Right to Play which donates money for inclusive play equipment in school playgrounds. DPAC has agreed to hold the funds from the Children's Right to Play fundraiser in trust until a PAC recipient is announced for the next project.
 - The list of schools on the playground repair or replace list the District submits to the Ministry to request funding changes from year however DPAC is not consulted on the list so the reasoning is unclear
 - If PACs feel that your school should be on the list submitted annually from the District to the Ministry for funding please advocate to your school admin. PACs are not responsible to fund all playground equipment, DPAC can help provide further guidance and information as needed.

3. UNFINISHED BUSINESS

- The CER ruled to approve Transmountain's proposed route
- DPAC filed a letter asking the CER to correct discrepancies between the ruling and Transmountain's plan

- We are looking for parents from affected schools to join a possible TMP committee to facilitate communication on parent concerns between PACs and school administrators. Please email DPAC with any interest

4. NEW BUSINESS

 - 10 in favor – none opposed

 - The new school, Stitó:s, is scheduled to open for Fall 2022 for K-8 students
 - The District is redrawing catchment boundaries for all levels of schools in the area to balance the student population as equally as possible which is a very complex and difficult process
 - The Stitos school is built on traditional and unceded territory of the Soowahlie but Soowahlie students are not included in the catchment as it is currently proposed and would be bussed to other schools
 - There is was a zoom consultation on Sept 16th and there is an in person consultation at MSMS on Sept 23rd
- 4.3. Summer Learning Consultation
 - Sean Wicker is scheduled to present on Summer Learning in October and will accept feedback and answer questions
 - DPAC Reps are asked to take these questions back to their PACs for consultation and bring back feedback at the DPAC October general meeting:
 - Is your child able to attend summer learning?
 - If not, what is the barrier to your child attending? (Dates/Times of the programming, location, child not accommodated for diverse abilities etc.)
 - If your child has attended, what was positive about the experience?
 - If your child has attended, what do you feel could have been improved?
- 4.4. PAC 101 October 13th at 6:30pm via Zoom

- DPAC encourages PAC's to attend and any parents interested
 - This is a great event to get informed, engage and network with other parents and PACs in the district
- 4.5. Roundtable on the changes to the Public-School Board Meetings
- Changes in how these meetings are run were announced at the September Board meeting. The changes are a trial and open for feedback from the public
 - The changes include:
 - The Super Intendent screening questions and deciding if they are operational questions prior to the Chair reading them out. Questions deemed operational are answered via email by the Superintendent.
 - A 10-minute is scheduled in the meeting.
 - An earlier start time at 530pm instead of 7pm
 - Presentations will not be in the same format as before
 - Feedback:
 - The new format makes for a faster meeting
 - In-person it would be difficult to attend at the 5:30pm time. The new time is a barrier to some having dinner or attending activities
 - The break is possibly a good tool for some of the Board members but maybe not always necessary
 - The presentations at the meetings were beneficial and informative for the public
 - A covid update was not on the agenda of the last meeting and therefore creating the inability to comment or ask questions on the subject publicly
