NOW THEREFORE the Board enacts as follows:

This bylaw may be cited as School District No.33 (Chilliwack) Appeal Procedure Bylaw 4.

Time Limit for Filing an Appeal

8. An appeal must be filed within thirty (30) days of the date the student or parent/guardian/caregiver was informed of the final decision in accordance with section 8 above.
 - 8.1. If the student or parent/guardian/caregiver initiating the appeal (the "appellant") can demonstrate that there are reasonable grounds to extend this time limit, the Board will consider same.

POLICY 110 DISTRICT MISSION, VISION AND MOTTO

The Board of Education has adopted the following statements that inform and guide the work of the district:

Mission Statement

We ensure deep learning that engages our heart, head and hands to develop competencies vital for the success of all learners.

Vision Statement

Syós:ys lets'e th'ále, lets'emó:t (One heart, one mind, working together for a common purpose.)

Our Motto: "Partners in Learning"

Students, parents/guardians/caregivers, staff, First Nations, Rights Holders, Inuit, Métis, community members and organizations are important members of our education community and partners in learning with the Board of Education. Together we strive to create a culture of mutual respect that supports engagement and collaboration in order to achieve the shared goals outlined in our District Strategic Plan. Collectively we aim to meet the present needs of our students and our community, while remaining flexible to anticipate and respond to future priorities.

Core Values

We provide a learning and working environment where these core values are central to all that we do:

1. Equity
 - We commit to ensure that everyone receives the required support and experiences they need to be successful and fulfill their potential.
2. Kindness
 - We demonstrate caring, compassion and empathy towards everyone in order to create a spirit of connectedness in our community.
3. Inclusion
 - We believe that meaningful inclusion is a right and we support all learners to feel safe, supported and connected through programming that promotes diversity and personalization.
4. Collaboration
 - With open hearts and minds we listen to each other and work together to achieve our shared goals.
5. Innovation
 - We will continue to be curious, creative and open to new ideas so that we can produce high-quality learning outcomes across the system.

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

Key Terms:

- Deep Learning – Deep learning is defined as the process of acquiring the six global competencies: character, citizenship, collaboration, communication, creativity and critical thinking. These competencies describe the increasing complexity of thinking and problem solving, collaborative skills, self-knowledge and responsibility that underlie character, and the ability to feel empathy and take action that makes one a global citizen.
- Equality vs. Equity – Equality means giving everyone the same resources; equity means giving each student access to the resources they need to learn and thrive.

POLICY 120 BOARD AUTHORITY, ROLES AND RESPONSIBILITIES

The Board of Education has, as its primary role, the governance of the school district and the commitment to student achievement. The Board fulfills this role, in part, through the development and implementation of a strategic plan that establishes a vision, mission and goals to direct resources and align the work of staff.

The Board also has a foundational responsibility to competently protect the interests, image and credibility of the school district, to ensure its financial viability and to act in accordance with all applicable laws, regulations and policies.

The Board's authority is established within the *School Act* and its regulations. The rights, powers, duties and liabilities of the Board rest only with the legally constituted Board, and not with committees of trustees or individual trustees.

The Board exercises its authority and responsibilities through the development of policy and the establishment of a balanced annual budget.

Guidelines

1. The Board represents the community, makes decisions with the benefit of the whole district in mind and is accountable to the community.
2. The Board will operate in an open and transparent manner, and debate on agenda items will be conducted within Board meetings.
3. The Board functions as a corporate Board and speaks with one voice.
4. The Board establishes a long-term vision, provides clear direction through policy and monitors results through reporting from staff through the Superintendent.
5. Accountability for the day-to-day operations of the district and policy implementation is delegated to the Superintendent.
6. The Board acts in the interests of all learners in the district, advocating for students, their learning and their well-being in the Board's work with the community, the municipality and the province.
7. The Board promotes confidence in publicly-funded education through its communications about the goals and achievements of the Board.

POLICY 121 DUTIES OF THE CHAIR AND VICE-CHAIR

The role of the Board of Education Chair is critical in ensuring effective meeting processes and in setting the tone of the Board. The Chair is also most often the appointed public face of the Board, serving as its primary spokesperson. The Chair also serves as the Board's representative at events, hearings and meetings with other governing bodies and organizations. When trustees elect the Board Chair, they are choosing not only the person who will conduct their official meetings, but the person who will represent them to their education partners and the general public.

The Board Chair is an equal, with no more power or authority than any other trustee. Although the Chair assumes a leadership role, they must adhere to the Board's directions and may not act unilaterally.

The Chair works closely with the Superintendent to ensure that the direction of the Board is understood and works with the Board to present and clarify any concerns of the administration.

Specific responsibilities of the Chair include:

- Prepare the agenda and notice of meetings in consultation with the Vice-Chair, the Superintendent and the Secretary-Treasurer.
- Preside over the Board's deliberations, and enforce appropriate procedures and parliamentary processes for all regular and special meetings of the Board.
- Facilitate the Board self-evaluation process in accordance with Board policy.
- Facilitate the evaluation of the Superintendent in accordance with Board policy.
- Appoint Board representatives to all internal committees and liaison responsibilities in consultation with trustees.
- Initiate district long term planning in consultation with the Superintendent and trustees.
- Facilitate annual goals and objectives in collaboration with trustees and the Superintendent.
- Sign all Board correspondence.
- Represent the Board as necessary.

Specific responsibilities of the Vice-Chair include:

- Preside over the Board's deliberations, and enforce appropriate procedures and parliamentary processes for all in-camera meetings of the Board.
- Assume all duties of the Chair in their absence.
- Coordinate and facilitate partner group meetings.
- Participate in planning the agenda and notice of meetings.

POLICY 130 TRUSTEE CODE OF CONDUCT

Democratically elected boards of education enable local influence and accountability in public education. Boards have the unique role of providing strategic direction and oversight within their local context to enhance confidence in the work of the District. By adopting and adhering to a Trustee Code of Conduct, the board strives to ensure it remains focused on a high-functioning public education system that supports the well-being of students as they become educated citizens.

The Board recognizes that as representatives of a diverse community, trustees and members of the School District community may hold different views on matters related to the Board's business. The Code of Conduct aims to promote the respectful and lawful expression of such points of view when done in a manner consistent with this Code of Conduct.

The Board and individual trustees commit to upholding this Code of Conduct and championing a district culture focused on student achievement. This culture prioritizes well-being and actively works to diminish systemic racism and oppression, while striving for equity.

As a Trustee, I make the commitment to:

1. acknowledge the significance of the traditional territories in which our schools operate, uphold the Declaration on the Rights of Indigenous Peoples Act, adopt a distinctions-based approach for Reconciliation, and respect and uphold the rights of Indigenous Peoples and Rights Holders.
2. advocate for high-quality public education and contribute to governance that supports public schools to meet the individual social, emotional, and learning needs of a diverse student body.
3. exercise and discharge the duties and responsibilities of a Trustee honestly and in good faith to maintain the integrity, confidence, and dignity of the corporate Board and the School District.
4. work with fellow Trustees in a spirit of cooperation and collaboration.
5. observe proper decorum and behavior.
6. support the Board in fostering a safe, inclusive, and healthy working and learning environment.
7. participate in the Trustee onboarding process and ongoing Trustee training.
8. attend all Board meetings unless I am unable to attend due to illness or other urgent circumstances.
9. review all meeting agendas and materials provided in advance of meetings.

POLICY 131 TRUSTEE CONFLICT OF INTEREST

A Trustee is always required to act in the best interests of the Board as a whole, without regard to their personal interests. Trustees have an obligation to avoid conflicts of interest, to remain in a position to provide an unbiased, even-handed and disinterested consideration of matters that come before the Board. A Trustee must never use their position for personal benefit.

Conflicts of interest can arise in a variety of ways, including a direct or indirect pecuniary conflict of interest, a conflict of interest arising by virtue of predetermination of a matter coming before the Board and conflict of interest arising as a result of a personal interest resulting from circumstances or relationships of individual Trustees. A pecuniary interest is an interest in a matter that could monetarily affect the Trustee and includes an indirect pecuniary interest referred to in the *School Act*.

Trustees need to be vigilant in avoiding engagement in discussion, debate, decision-making or being privy to information that can give rise to actual, or perceived, conflicts of interest.

In accordance with common law, a Trustee is not qualified to vote on a matter in which they have a personal interest that could lead a reasonably well-informed outsider to think that their judgment could be influenced by that interest leading to a reasonable apprehension of bias.

A Trustee who has a conflict of interest in a matter before the Board must declare that interest – and not take part in the discussion, vote or attempt in any way to influence the outcome. The declared conflict of interest must be recorded in the Board meeting minutes.

The provisions of the *School Act* regarding disclosure do not apply to a pecuniary interest in any matter that a Trustee may have by reason of the Trustee having an interest in the matter which is an interest in common with electors generally.

Trustees are responsible to make themselves aware of the requirements of the *School Act*. Should a Trustee knowingly contravene the requirements of section 58 of the *School Act*, the courts may declare the Trustee's office vacant and require financial restitution.

Guidelines

1. It is expected that if a Trustee has any conflict of interest in any matter, and is present at a meeting of the Board at which the matter is considered, the Trustee shall:
 - 1.1. disclose their interest and the general nature of the conflict of interest at the meeting;
 - 1.2. not take part in the discussion of or vote on any question in respect of the matter.
 - 1.3. not attempt in any way, whether before, during or after the meeting, to influence the voting on any question in respect of the matter.
 - 1.4. If the meeting is not open to the public the Trustee shall immediately leave the meeting or the part of the meeting during which the matter is under consideration.

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

2. The general nature of every disclosure made at a board or committee meeting open to the public will be recorded in the minutes of the meeting. If the meeting was closed to the public, the fact that a disclosure was made, but not the general nature of the interest, shall be recorded in the minutes of the next open meeting.
3. As there are many individual considerations and variations when considering issues of conflict of interest, individual Trustees or Boards of Education may wish to seek external legal advice on such matters. In many situations, the individual circumstances must be considered before a determination of conflict can be made.

POLICY 132 ADDRESSING BREACHES OF THE CODE OF CONDUCT

Consequences should be designed to teach students to be responsible citizens, to promote personal and social development, and whenever possible and appropriate, be restorative in nature. Student disciplinary action shall take into account the developmental and individual needs of students and will not discriminate while taking into consideration all relevant circumstances. Considerations may apply to students with diverse abilities if these students are unable to comply with a Code of Conduct due to having an intellectual, physical, sensory, emotional or behavioural disability.

The Board recognizes that the principal of a school is responsible for administering and supervising the school. This includes the general conduct of students, both on school premises and during activities that are organized or sponsored by the school.

APPEALS REGARDING DISCIPLINARY ACTION:

As per [Policy 390 – Resolving Concerns](#), the Board of Education believes that when a parent/guardian/caregiver has a concern about the action or decision of any employee, their concern should be first channeled through the employee and then the principal of the school. If resolution is not reached at the school level, a concern may be forwarded to the appropriate Assistant Superintendent before being referred to the Superintendent for consideration.

Pursuant to Section 11 of the *BC School Act* and Board Bylaw 4: Appeal Procedure, a student and/or the student's parent/guardian/caregiver may appeal disciplinary action taken by Board personnel that they believe significantly affects the education, health or safety of the student, once the above steps have been considered.

POLICY 311 STUDENT DRESS GUIDELINES

The Board of Education recognizes that fostering inclusivity and respect for others is critical to creating safe and positive learning environments in our schools for all students. Further, dress guidelines strike a balance between individual expression and the need for students to attend school in clothing that allows them to fully and safely participate in all activities.

Each school will establish its own student dress guidelines in consultation with parents, staff and students. These guidelines will:

1. Address the need for inclusivity and gender neutrality.
2. Focus on safety rather than modesty.
3. Be accessible to parents, staff and students.
4. Be constructive rather than punitive so that correction or discipline is not required.

Staff members have a responsibility to assist students in understanding and abiding by the dress guidelines; if a student comes to school dressed in clothing that is not appropriate for the day's activities, this should be dealt with in a way that does not cause shame or loss of learning time. Parents have a responsibility to send their children to school in clothes that allow them to learn and/or play. Students have a responsibility to dress in clothing that meets health and safety standards for all intended activities.

POLICY 312 SUPERVISION OF STUDENTS

The Board expects all students to be supported by adult supervision at all times. The principal will ensure that the school code of conduct is regularly reviewed with students and parents/guardians/caregivers.

School personnel are expected to act as reasonable and prudent adults in providing for the safety of students, and conscientious supervision of students is mandatory at all times, including during all co-curricular and extra-curricular field trips.

Levels of supervision will take into consideration the number of children, the activity being supervised, the age of the students, the configuration of the area to be supervised and the enforcement of safety rules.

During school hours or while engaging in school sponsored activities, students will be released only with parent/guardian/caregiver permission.

Parents/Guardians/Caregivers will be advised of school sponsored activities occurring after regular school hours and will be informed that students will be dismissed from the activity in a manner similar to a regular dismissal.

POLICY 313 SAFE SCHOOLS

The Board of Education is committed to providing safe, caring and inclusive environments in which all learners and employees are treated with respect and can achieve personal growth and responsible citizenship.

In accordance with the *Canadian Charter of Rights and Freedom*, the *British Columbia Human Rights Code* and the district's collective agreements, the Board of Education expects members of the school community to conduct themselves in a respectful manner in order to promote a safe and inclusive school environment.

The Board promotes clearly defined expectations that represent the highest standards of respectful and responsible citizenship and lead to a culture of safety among all persons in all schools and at all school-authorized events and activities.

This responsibility is shared among all partners including the district, schools, students, parents/guardians/caregivers, community groups, social agencies and the RCMP. The Board promotes understanding and acceptance of the interactive roles required to achieve safe, caring and inclusive schools.

The Board expects that persons will:

- Comply with all applicable federal, provincial and municipal laws, and with district policy and regulations.
- Value and encourage learning and working environments that are inclusive and respectful of the diverse individual, collective, social and cultural needs of our community.
- Treat one another with dignity and respect.
- Refrain from engaging in or encouraging acts of violence of any form.
- Show care and regard for school property.
- Take appropriate measures to help those in need.
- Comply with reasonable requests from those in positions of authority.

The Board expects that all persons will not engage in behavior that constitutes discrimination based on grounds as set out in the *Human Rights Code*, including:

- Race
- Colour
- Physical or mental ability
- Socio Economic status
- Ancestry
- Place of origin
- Political belief
- Religion
- Marital or Family Status
- Gender Identity or Expression

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

- Sexual Orientation
- Age

The Board of Education is strongly committed to Human Rights and Anti-Discrimination by creating safe, caring and inclusive environments for all students and staff. The District is responsible for ensuring that all students and staff members are treated with dignity and respect.

The District also recognizes that some school members face a unique set of challenges within schools and communities. The School District will not permit or tolerate any homophobic and/or transphobic behaviour, such as harassment, intimidation, discrimination or bullying, whether by commission or by failing to act to end such behaviour. Staff will respond to all incidents and provide support and assistance to those who are the intended or unintended targets of such behavior.

The creation of safe, caring and inclusive environments for students and staff, regardless of sexual orientation, gender identity or expression, is addressed in detail in Administrative Procedure 356: Safe and Caring Schools: Sexual Orientation and Gender Identity or Expression.

POLICY 314 STUDENT SUBSTANCE USE

The Tobacco and Vapour Product Control Act, Section 2.2, the Cannabis Act, and the Controlled Drugs and Substances Act clearly define the laws regarding smoking, the use of vapour products, the use of cannabis and the use of controlled substances on school property.

The Board recognizes that in order to provide the greatest opportunity for healthy student growth and development, the school environment must be free from the use of controlled and regulated substances, including drugs, alcohol, cannabis, tobacco products, vaping devices and e-cigarettes. The Board shares responsibility with students, parents/guardians/caregivers and the community for addressing problems associated with the use of such substances.

The Board seeks to support students by providing informed, age-appropriate education and information. The Board supports efforts to prevent and intervene in substance abuse among students, including the development and delivery of resources, the promotion of prevention programs, and the implementation of school and community-based efforts aimed at supporting students.

The use of controlled and regulated substances, including drugs, alcohol, cannabis, tobacco products, vaping devices and e-cigarettes, on school property or during school-authorized trips or activities represents a serious violation of the code of conduct, and violations will be subject to disciplinary action and, if necessary, police involvement.

POLICY 315 WEAPONS

The Board recognizes its responsibility to provide a secure and safe environment for members of the school community. The Board considers the possession or use of a weapon on or near school property or during school sponsored functions and activities as a serious threat to the safety and security of students and staff and is strictly prohibited.

Any student found to have used or be in possession of a weapon will be subject to appropriate disciplinary action and/or criminal charges.

Definitions:

“Weapon” means any firearm, whether loaded or unloaded; any chemical, substance, device, or instrument designed as a weapon or through its use capable of threatening or producing bodily harm or death; or any device or instrument that is used to threaten, intimidate, or cause bodily harm or death. This includes replicas and toys or bringing weapons on site for protection for the purpose of threatening, intimidating or causing harm to any person.

Notwithstanding the foregoing, items worn for religious purposes or implements used for other purposes may be brought to school with the prior permission of the Principal or designate and under conditions stipulated by the Principal or designate.

POLICY 320 SCHOOL ADMISSION AND PLACEMENT

The Board of Education will provide an education program for every school age student who is ordinarily resident in British Columbia. A student is resident in British Columbia if the student and the parents or guardians are ordinarily resident in British Columbia as defined in the Ministry eligibility of students operating grant funding policy.

The admission procedures contained in this policy and regulation do not apply to fee-paying and non-resident students.

Student registration, enrolment and placement in Chilliwack School District is to be guided by the following principles:

Access to Neighbourhood School

The admissions process should facilitate attendance of students within their catchment area.

School Placement

The admission process should maximize the student's and parent's ability to indicate the school and educational program which best meets the student's educational needs, subject to the availability of space, programs and resources as determined by the school district.

Certainty, Stability, Continuity

The admission process should support certainty, stability and continuity for students and families. Siblings will be admitted to the same school wherever possible, subject to the provisions of the *School Act*, Ministry policy, the timelines established by the Board and the wishes of the family.

Efficient Resource Allocation

The admission process should enable school and district staff to plan the allocation of space and instructional resources to best accommodate demand and minimize adjustments required at the beginning of the school year. When a parent or guardian requests that their student attend a school outside their catchment area, the parent or guardian will be expected to assume responsibility for transportation and any other costs associated with this decision.

The Board will endeavour to provide programs that meet the interests and needs of district students. The Board may need to provide specialized programs at a limited number of sites to meet the diverse needs and preferences of students and their families. The Board is required to manage its resources in a fiscally responsible manner. Resource allocation should align with the District's core values.

POLICY 321 ORDINARILY RESIDENT & NON-RESIDENT STUDENTS

The Board of Education believes that diversity within the student body enriches the educational environment of the Chilliwack School District.

The Board supports the admission of non-resident students subject to the availability of suitable programs, staff, facilities and available space, after providing for resident students from first within the school catchment area, and then resident students from within the district.

POLICY 322 INTERNATIONAL STUDENT PROGRAM

The Board of Education recognizes that the admission of international students to district schools enhances an understanding of and an appreciation for other cultures on the part of Chilliwack students and students from other countries.

The Board believes that the educational programs and learning environment provided by the school district exists primarily for the benefit of students who reside in Chilliwack. Any provision for enrolment of international students will not be at the expense of students who reside in the Chilliwack School District with respect to space or services.

Students entering Chilliwack schools under the International Student Program shall meet all of the requirements of the International Student Program including paying a fee as authorized by the Board.

POLICY 340 SCHOOL FEES AND FINANCIAL HARDSHIP

The Board believes that providing a wide range of educational opportunities and experiences enhance students' learning and will provide, free of charge, educational resource materials necessary to participate in an educational program sufficient to meet the general requirements for graduation.

The Board of Education may charge fees for goods and services in accordance with Ministerial Orders and the School Act. The Board of Education may also require refundable or partly refundable deposits for educational resource materials in accordance with Section 82 of the School Act.

The Board authorizes fees for optional programs and extra-curricular activities, or other goods and services provided by the district to enrich curricula and school life for students. In these circumstances students and parents must be informed of the process whereby fees may be waived.

The Board of Education will ensure that a schedule of fees and deposits required is published prior to the beginning of the school year and is available to students and parents/guardians/caregivers.

To ensure that fees and deposits do not become a barrier to student participation in educational programs, the Superintendent shall establish procedures for schools to address financial hardship which will allow participation in activities by students who would otherwise be excluded.

POLICY 360 INCLUSION

The Chilliwack School District recognizes inclusion as a right and identifies it as a core value within our strategic plan. The district is committed to meaningful inclusive practices that ensure equitable access for all people. As a district we embrace and celebrate the uniqueness of each person, and strive to create environments where everyone belongs, is welcomed, valued and supported.

All people, regardless of race, color, ancestry, place of origin, religion, marital or family status, physical or mental health or disability, sexual orientation, gender identity and expression or age have the right to district policies, procedures, communications, programs and learning opportunities that are inclusive and respectful.

The Board expects that all staff, students, and members of our school communities will:

- ensure that all our work reflects Indigenous perspectives, knowledge, and pedagogies.
- adhere to conduct that is educational, preventative and restorative in practice and response.
- actively support, promote and welcome meaningful collaboration and communication with all district partners.
- recognize the injustices of marginalization, advocate for social justice, and promote human rights for everyone, cultivating mutual respect, civility and a sense of belonging.
- actively eliminate barriers caused by environments, attitudes, practices, policies, communication or technologies that may be compounded by intersecting forms of discrimination.
- develop and refine environments that are accessible, safe and flexible.
- actively create a culture of understanding of diversity and how it impacts access and outcomes as we work towards equity.

POLICY 361 SUPPORT FOR SERVICES BY COMMUNITY AGENCIES AND CERTIFIED PROFESSIONALS

The Board welcomes and values the input of community agencies and certified professionals to provide support, guidance and assistance to classroom teachers and the school-based team in support of their work with students and parents/guardians in developing learning and support plans.

The Board recognizes that a coordinated approach to effective educational programming for students requires collaborative partnerships with other ministries and community professionals. The scope of consultation may include, but not be limited to, the provision of services by public health nurses, physical and occupational therapists, and other appropriate certified professionals subject to provincial legislation, inter-ministerial protocols, policy and contracts.

POLICY 370 DISTRICT PROGRAMS AND UNIQUE LEARNING OPPORTUNITIES

Catchment area schools are important neighbourhood assets and are central in meeting the educational needs of students within the district.

The Board's Mission – "to ensure deep learning that engages our heart, head and hands to develop competencies vital for the success of all learners" – is supported by offering district programs and unique learning opportunities.

Choice for students, parents and staff is offered, where feasible and appropriate, in the form of district programs and/or schools that offer unique opportunities. These schools provide a program with a specific educational focus (e.g. Integrated Arts & Technology), while prioritizing attendance from the existing school catchment area in accordance with board policy.

District programs (e.g. French Immersion) provide a specific education program and will normally have the entire district as a catchment area.

POLICY 371 FRENCH IMMERSION PROGRAM

Learning the French language, an official language of Canada, enriches students' lives, enhances their understanding of other cultures, and celebrates diversity. The Board recognizes the lifelong cognitive, social, and career benefits of learning French that extend beyond K-12. Therefore, the Board supports French Immersion Programs, at both the early and late entry points, as an educational option and program of choice in the school district.

The Board expects French Immersion to be accessible in accordance with District values, in particular the values of equity and inclusion.

POLICY 372 CAREER PROGRAMS

The Board of Education recognizes that career education offers students opportunities to explore a variety of career options for their future through classroom and practical community experiences.

The Board supports equitable access to career programs that integrate classroom learning with practical experiences in the workplace, including, but not limited to, Work Experience 12, Youth Work in Trades, Youth Train in Trades, Regional Career Programs and Dual credit, as well as related Board Authority/Authorized Courses.

The Board of Education supports career education that helps students gain the skills and competencies needed to support their personal career-life aptitudes, interests and goals.

POLICY 373 STUDENT FIELD EXPERIENCES

The Board of Education recognizes that student field experiences enrich students' learning. Field experiences must be inclusive and designed with safety as a priority.

The Board expects that all students will have the opportunity to participate in curricular field experiences free of charge.

The Board supports reasonable fundraising efforts at the school level to reduce costs for extra-curricular experiences.

POLICY 380 LEARNING RESOURCES

The Board of Education promotes the development of a resource-rich learning environment by providing a wide range of learning resources to support the educational needs of all students and a variety of teaching and learning styles in the school district.

The primary objective of learning resources is to support, enrich and help implement the educational programs of the school.

The Board supports that, in order to meet the needs of students and teachers, it is the responsibility of the professional staff to select and deselect learning resources that support the curriculum, provide a balance on differing points of view and are consistent with the current curriculum and the educational goals of the province, the District and the school.

The Board recognizes that professional staff are also responsible for curating a wide array of materials for students' personal research and recreational reading purposes, and that these materials can also be considered learning resources.

The Chilliwack School District fully supports the Ministry's Policy statement that "Educators are best suited for determining the resources that are most appropriate for use in their classrooms." This extends to resources available throughout the school including the Library Learning Commons.

The Board further acknowledges that learning materials and recreational reading materials may include sensitive content and understands that professional judgment is exercised in evaluating and purchasing these learning materials.

Boards may use resources that are recommended by the BC Ministry of Education or may choose to use the Focused Education Resources Services (FERS). FERS maintains a collection of evaluated K-12 resources recommended for school district use. FERS resources used at the recommended grade levels are generally considered to be exempt from formal challenges as they have already been thoroughly vetted for educational use.

Educators will also need to make use of resources that have not been evaluated by FERS. The Board acknowledges that professional staff will consult a variety of recognized educational, critical, evaluative sources prior to using or purchasing these resources.

Selection of Learning Resources:

1. Learning Resources selected fulfill the following social consideration principles:
 - a. Promotes diversity, appropriately representing the status areas of the BC Human Rights Code: race, colour, ancestry, religion, age, sex, sexual orientation, gender identity or expression, marital status, family status, and disability

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

- b. Incorporates diverse racial backgrounds and lived experiences, demonstrates equity, and reflects Black, Indigenous and People of Colour (BIPOC) voices
 - c. Promotes respect for and understanding of inclusion and diversity in Canadian society
 - d. Provides appropriate context for complex issues and demonstrates an awareness of personal bias
 - e. Emphasizes opportunities for critical thinking
 - f. Ensures resources are current and do not contain discriminatory or stereotypical content, acknowledging that some resources may be used to provide historical context and critical thinking regarding changes in societal norms.
2. Learning resources use appropriate content and language for the intended audience in terms of the developmental age, maturity, and diverse learning needs of the students for whom the resource is intended.
3. Teacher-Librarians and other teachers will use professional judgment, skills and knowledge in selecting content for curriculum learning resources and recreational reading available to students in a school Library Learning Commons.
4. School resources will reflect the Chilliwack School District policies pertaining to values, safe schools, inclusion and respect.
5. Learning resources shall be designed to motivate students and staff to examine their own attitudes and behaviours and to comprehend their own responsibilities, rights, and privileges as participating citizens in our society.
6. Learning resources shall present various sides of controversial issues so that young citizens may have an opportunity to develop, under guidance, the practice of critical analysis and make informed judgements in their daily lives.
7. Learning resource selection is an ongoing process that should include removing materials that are no longer appropriate according to the selection criteria to ensure the maintenance of a relevant and respectful collection that meets current scientific or social consideration standards.
8. Learning resources shall be purchased and used in compliance with current copyright and privacy legislation.
9. Parents/Guardians/Caregivers are Partners in Learning and are encouraged to consult with school staff should they have questions about resources being used.
10. The principles of freedom to read/listen/view must be protected for students. Teacher-Librarians (TLs) will support reading choice for students. Families who wish students not to read certain topics can have those discussions at home, but it is not the role of the TL to censor choices at the circulation desk.
11. Teacher-Librarians support reading choice. Students should not be limited in the Library Learning Commons to only books “at their reading level” (such as PM Benchmark/Lexile, etc.). Reading level considerations are best suited to guided reading instruction in the classroom.

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

Challenge of Learning Resources:

1. The Board recognizes that despite all care taken to select appropriate learning resources for student and teacher use, and despite the qualifications of the professionals who select the learning resources, an objection may be raised to the use and availability of such a resource.
2. No parent/guardian/caregiver or group of parents/guardians/caregivers has the right to determine reading, viewing or listening materials for students other than their own.
3. Parent/Guardians/Caregivers have the right to request that their children not have access to a given item, provided a written request is made to the school principal.
4. Any parent/guardian/caregiver may formally challenge learning resources used where their child is enrolled. The final decision regarding any such challenge shall rest with a Reconsideration Committee. Concerns regarding the use of learning resources must first be addressed and resolved, if possible, at the school level with the staff in question, and in turn the principal. Please refer to the Procedures for Dealing with Challenged Materials for further information regarding the process.

POLICY 382 LIBRARY LEARNING COMMONS

The Library Learning Commons (LLC) are physical and virtual learning hubs of schools where students and staff collaborate on inquiry, project/problem-based learning experiences, experimentation, and innovation to enhance critical thinking, creativity, and communication.

Library Learning Commons resources and programming will include social consideration principles of promoting diversity and human rights, incorporating diverse racial backgrounds and lived experiences, demonstrating equity, reflecting First Nations and BIPOC voices, and providing an appropriate context for complex issues all while highlighting the importance of having an awareness of personal bias.

Library Learning Commons should feature dynamic programming in order to foster innovative and inclusive opportunities to support student learning and success.

POLICY 383 TECHNOLOGY USE

Student, staff and community learning is supported by access to online learning resources and communication tools through the use of technology. The Board is committed to providing reliable technology for all schools to enhance student learning and provide opportunities for innovation and staff development.

All users of district technology must adhere to privacy and copyright legislation and all district guidelines regarding use of technology and social media.

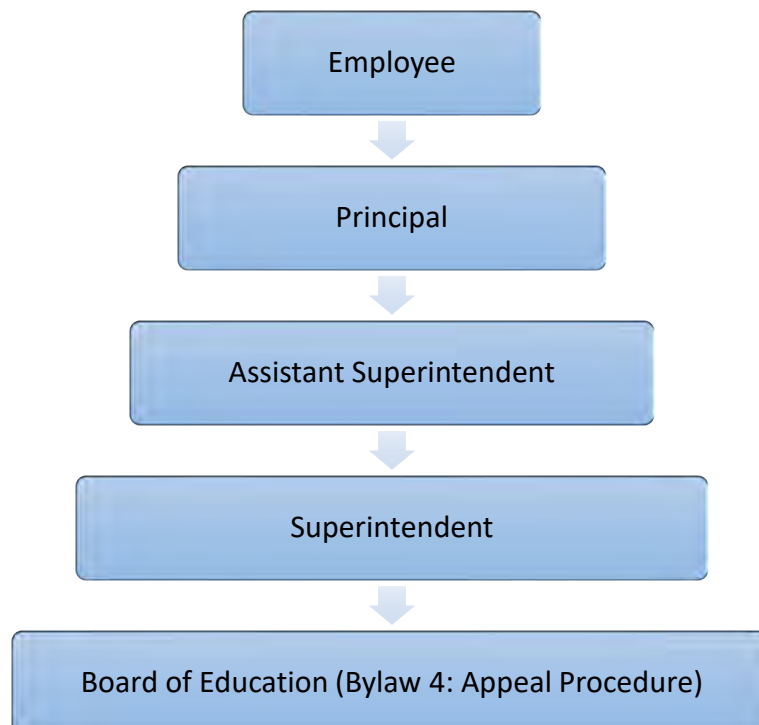

POLICY 390 RESOLVING CONCERNS

The Board of Education believes that open, direct communication between students, parents, and school personnel serves the best interest of everyone in resolving a concern. The Board supports the practice that concerns about personnel, programs or procedures are dealt with at the point closest to where the concern first arises in a courteous, confidential, and mutually satisfactory manner.

When a parent/guardian/caregiver has a concern about the action or decision of any employee, an educational program, a procedure or a learning resource, their concern should be first channeled through the employee and then the principal of the school. If resolution is not reached at the school level, a concern may be forwarded to the appropriate Assistant Superintendent before being referred to the Superintendent for consideration.

The Board of Education recognizes that employee decisions that do not significantly affect the education, health or safety of a student are within the final authority of the Superintendent as the Board of Education's chief executive officer. Unresolved concerns where the decision significantly affects the education, health or safety of the student may be appealed to the Board of Education ([Bylaw 4: Appeal Procedure](#)).

POLICY 433 PROVISION OF MENSTRUAL PRODUCTS

POLICY 600 FINANCIAL PLANNING AND REPORTING

The Board recognizes its responsibility for the effective use of funds received from the Ministry of Education and Child Care (the “Ministry”) and other sources. The Board of Education (the “Board”) has a duty to govern the district in a fiscally responsible manner, while supporting the priorities and strategies of its Strategic Plan.

Governance over financial planning and reporting encompasses setting strategic objectives, and then providing resources to achieve those objectives. The Board of Education represents the community and should be open and transparent on the resource allocations along with seeking community input on those allocations. The Board cannot transfer its fiduciary responsibility to management, community, or partners, and must retain responsibility for the final approval and monitoring of the budget plan. Management is responsible to the Board for outlining performance measures to evaluate achievement of the objectives, identifying risks inherent in the budget plan, establishing internal controls over spending, and providing regular financial reporting.

The Board believes that establishing strategic objectives and associated operational plans will enhance student educational outcomes. The Board also believes that aligning funding and resources to those strategic objectives and engaging in multiyear financial planning is crucial for the effective and sustainable operation of the school district. The Board will develop a *Financial Plan* spanning three years and will provide Ministry with the plan.

Guiding Principles:

- The Board will establish a financial plan that allocates resources and reserves to the core operational needs of the district, and to support strategic and long-range plans of the district.
- In developing its *Financial Plan*, the Board will establish a consultation process to receive input from students, parents/guardians/caregivers, staff, First Nations and Métis Nation BC, community members and organizations on the strategic objectives and resource priorities.
- Throughout the fiscal year, management will provide regular reporting which will compare actual and forecasted expenditures to the budget plan.
- The Board will amend the budget plan as conditions change and will formally approve an annual budget plan by June 30 and amended budget plan by February 28.
- The Board will review the budget planning processes on an annual basis.

POLICY 601 ACCUMULATED OPERATING SURPLUS

The Board of Education (the “Board”) is committed to the principles of good governance, fiduciary responsibility, and full transparency. The Board demonstrates its commitment to these principles through responsible financial management which includes utilization and reporting of the Accumulated Operating Surplus.

The Board acknowledges that an Accumulated Operating Surplus balance provides a measure of resiliency to mitigate against fluctuations in annual grant funding and other revenues and creates a contingency to manage one-time costs or unforeseen expenditures. Use of the Accumulated Operating Surplus cannot be relied upon to sustain on-going operations and services. The Board can restrict operating surplus for future years.

The Board will ensure that prior to approving the Annual Budget, a consultation process regarding the use of Accumulated Operating Surplus has taken place. The Board will consult and engage with its Partners in Learning. This engagement will be consistent with the budget consultation processes outlined in Policy and will support the Board requirement of a collaborative process that is transparent, inclusive and timely.

The Board will consider the advice and recommendations received prior to approving a separate motion regarding the use of the surplus.

POLICY 661 NAMING AND RE-NAMING OF FACILITIES

 - ensure alignment with the [BC Naming Privileges Policy](#); and
 - require a rationale in support of the name; and

This policy is to provide guidance with respect to how the Board will promote the use of Board property for the provision of child care programs between the hours of 6 a.m. and 6 p.m. on business days by either the Board or third-party licensees.

The Board of Education recognizes the importance of child care for families and aspires to offer childcare at all schools where, amongst other factors, space permits. The Board believes that offering before and after school child care programs at a student's school is a seamless option for families. The use of Board property by licensed child care providers must not disrupt or otherwise interfere with the provision of educational activities, including early learning programs and extracurricular school activities.

Guiding Principles

1. The Board will, on an ongoing basis, assess community need for child care programs on Board property through a process of engagement with employee groups, parents and guardians, Indigenous community representatives, Indigenous rightsholders, Indigenous service providers and existing child care operators. The process for engagement will be reviewed on an ongoing basis.
2. If child care programs are to be provided on Board property, the Board will consider, on an ongoing basis, whether those programs are best provided by licensees other than the Board, the Board, or a combination of both.
3. Child care programs, if operated by the Board, will be operated for a fee no greater than the direct costs the Board incurs in providing the child care program.
4. Fees for the use of Board property by licensees other than the Board will not exceed the direct and indirect costs the Board incurs in making Board property available for the child care program. Direct and indirect costs include:
 - a. utilities;
 - b. maintenance and repair;

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

9. Prior to entering into or renewing a contract with a licensee other than the Board to provide a child care program on Board property, the Board will consider:
 - a. whether it is preferable for the Board to become a licensee and operate a child care program directly;
 - b. the availability of school district staff to provide before and after school care;
 - c. whether, with respect to a licensee seeking renewal or extension of a contract, the

- licensee has performed its obligations under this Policy and its contract with the Board, with specific regard to performance in respect of providing an inclusive child care program and one that promotes Indigenous reconciliation in child care; and
- d. the utilization of the British Columbia Early Learning Framework to guide and support learning experiences in child care settings.

POLICY 680 STUDENT TRANSPORTATION

The Board of Education has a responsibility to provide safe and reliable transportation to students in a fiscally and environmentally responsible manner. All riders may be charged a fee for service. Rates will be adjusted annually based on the Canadian Consumer Price Index (CPI).

The Board will provide bus service to students who:

- live where the catchment-area school is beyond 3.0 kilometres for elementary school students and beyond 4.0 kilometres for middle and secondary students, or

Busing may also be provided on a courtesy basis where there is seating available on an existing bus route. Busses will not be re-routed, and no additional stops will be added. Fees apply to courtesy riders.

Where financial hardship exists, the District will ensure fees do not become a barrier to student transportation.

The Board will work with government and other organizations to advocate for active transportation.

POLICY 681 15-PASSENGER VANS

Due to the high risk of rollover crashes in 15-Passenger Vans, the use of these vehicles is strictly prohibited.
