NOW THEREFORE the Board enacts as follows:

This bylaw may be cited as School District No.33 (Chilliwack) Appeal Procedure Bylaw 4.

Time Limit for Filing an Appeal

8. An appeal must be filed within thirty (30) days of the date the student or parent/guardian/caregiver was informed of the final decision in accordance with section 8 above.
 - 8.1. If the student or parent/guardian/caregiver initiating the appeal (the "appellant") can demonstrate that there are reasonable grounds to extend this time limit, the Board will consider same.

5. Public Participation in the Public Meeting

5.1. Communication with the public is extremely important. The public Board meeting is the formally designated means of transacting Board business. Two public participation periods are therefore provided solely as a means for ensuring that community members who are present in the audience have an opportunity to provide comments and/or ask questions about business or issues pertaining to the Board agenda.

POLICY 120 BOARD AUTHORITY, ROLES AND RESPONSIBILITIES

The Board of Education has, as its primary role, the governance of the school district and the commitment to student achievement. The Board fulfills this role, in part, through the development and implementation of a strategic plan that establishes a vision, mission and goals to direct resources and align the work of staff.

The Board also has a foundational responsibility to competently protect the interests, image and credibility of the school district, to ensure its financial viability and to act in accordance with all applicable laws, regulations and policies.

The Board's authority is established within the *School Act* and its regulations. The rights, powers, duties and liabilities of the Board rest only with the legally constituted Board, and not with committees of trustees or individual trustees.

The Board exercises its authority and responsibilities through the development of policy and the establishment of a balanced annual budget.

Guidelines

1. The Board represents the community, makes decisions with the benefit of the whole district in mind and is accountable to the community.
2. The Board will operate in an open and transparent manner, and debate on agenda items will be conducted within Board meetings.
3. The Board functions as a corporate Board and speaks with one voice.
4. The Board establishes a long-term vision, provides clear direction through policy and monitors results through reporting from staff through the Superintendent.
5. Accountability for the day-to-day operations of the district and policy implementation is delegated to the Superintendent.
6. The Board acts in the interests of all learners in the district, advocating for students, their learning and their well-being in the Board's work with the community, the municipality and the province.
7. The Board promotes confidence in publicly-funded education through its communications about the goals and achievements of the Board.

POLICY 121 DUTIES OF THE CHAIR AND VICE-CHAIR

The role of the Board of Education Chair is critical in ensuring effective meeting processes and in setting the tone of the Board. The Chair is also most often the appointed public face of the Board, serving as its primary spokesperson. The Chair also serves as the Board's representative at events, hearings and meetings with other governing bodies and organizations. When trustees elect the Board Chair, they are choosing not only the person who will conduct their official meetings, but the person who will represent them to their education partners and the general public.

The Board Chair is an equal, with no more power or authority than any other trustee. Although the Chair assumes a leadership role, they must adhere to the Board's directions and may not act unilaterally.

The Chair works closely with the Superintendent to ensure that the direction of the Board is understood and works with the Board to present and clarify any concerns of the administration.

Specific responsibilities of the Chair include:

- Prepare the agenda and notice of meetings in consultation with the Vice-Chair, the Superintendent and the Secretary-Treasurer.
- Preside over the Board's deliberations, and enforce appropriate procedures and parliamentary processes for all regular and special meetings of the Board.
- Facilitate the Board self-evaluation process in accordance with Board policy.
- Facilitate the evaluation of the Superintendent in accordance with Board policy.
- Appoint Board representatives to all internal committees and liaison responsibilities in consultation with trustees.
- Initiate district long term planning in consultation with the Superintendent and trustees.
- Facilitate annual goals and objectives in collaboration with trustees and the Superintendent.
- Sign all Board correspondence.
- Represent the Board as necessary.

Specific responsibilities of the Vice-Chair include:

- Preside over the Board's deliberations, and enforce appropriate procedures and parliamentary processes for all in-camera meetings of the Board.
- Assume all duties of the Chair in their absence.
- Coordinate and facilitate partner group meetings.
- Participate in planning the agenda and notice of meetings.

POLICY 130 TRUSTEE CODE OF CONDUCT

Democratically elected boards of education enable local influence and accountability in public education. Boards have the unique role of providing strategic direction and oversight within their local context to enhance confidence in the work of the District. By adopting and adhering to a Trustee Code of Conduct, the board strives to ensure it remains focused on a high-functioning public education system that supports the well-being of students as they become educated citizens.

The Board recognizes that as representatives of a diverse community, trustees and members of the School District community may hold different views on matters related to the Board's business. The Code of Conduct aims to promote the respectful and lawful expression of such points of view when done in a manner consistent with this Code of Conduct.

The Board and individual trustees commit to upholding this Code of Conduct and championing a district culture focused on student achievement. This culture prioritizes well-being and actively works to diminish systemic racism and oppression, while striving for equity.

As a Trustee, I make the commitment to:

1. acknowledge the significance of the traditional territories in which our schools operate, uphold the Declaration on the Rights of Indigenous Peoples Act, adopt a distinctions-based approach for Reconciliation, and respect and uphold the rights of Indigenous Peoples and Rights Holders.
2. advocate for high-quality public education and contribute to governance that supports public schools to meet the individual social, emotional, and learning needs of a diverse student body.
3. exercise and discharge the duties and responsibilities of a Trustee honestly and in good faith to maintain the integrity, confidence, and dignity of the corporate Board and the School District.
4. work with fellow Trustees in a spirit of cooperation and collaboration.
5. observe proper decorum and behavior.
6. support the Board in fostering a safe, inclusive, and healthy working and learning environment.
7. participate in the Trustee onboarding process and ongoing Trustee training.
8. attend all Board meetings unless I am unable to attend due to illness or other urgent circumstances.
9. review all meeting agendas and materials provided in advance of meetings.

POLICY 131 TRUSTEE CONFLICT OF INTEREST

A Trustee is always required to act in the best interests of the Board as a whole, without regard to their personal interests. Trustees have an obligation to avoid conflicts of interest, to remain in a position to provide an unbiased, even-handed and disinterested consideration of matters that come before the Board. A Trustee must never use their position for personal benefit.

Conflicts of interest can arise in a variety of ways, including a direct or indirect pecuniary conflict of interest, a conflict of interest arising by virtue of predetermination of a matter coming before the Board and conflict of interest arising as a result of a personal interest resulting from circumstances or relationships of individual Trustees. A pecuniary interest is an interest in a matter that could monetarily affect the Trustee and includes an indirect pecuniary interest referred to in the *School Act*.

Trustees need to be vigilant in avoiding engagement in discussion, debate, decision-making or being privy to information that can give rise to actual, or perceived, conflicts of interest.

In accordance with common law, a Trustee is not qualified to vote on a matter in which they have a personal interest that could lead a reasonably well-informed outsider to think that their judgment could be influenced by that interest leading to a reasonable apprehension of bias.

A Trustee who has a conflict of interest in a matter before the Board must declare that interest – and not take part in the discussion, vote or attempt in any way to influence the outcome. The declared conflict of interest must be recorded in the Board meeting minutes.

The provisions of the *School Act* regarding disclosure do not apply to a pecuniary interest in any matter that a Trustee may have by reason of the Trustee having an interest in the matter which is an interest in common with electors generally.

Trustees are responsible to make themselves aware of the requirements of the *School Act*. Should a Trustee knowingly contravene the requirements of section 58 of the *School Act*, the courts may declare the Trustee's office vacant and require financial restitution.

Guidelines

1. It is expected that if a Trustee has any conflict of interest in any matter, and is present at a meeting of the Board at which the matter is considered, the Trustee shall:
 - 1.1. disclose their interest and the general nature of the conflict of interest at the meeting;
 - 1.2. not take part in the discussion of or vote on any question in respect of the matter.
 - 1.3. not attempt in any way, whether before, during or after the meeting, to influence the voting on any question in respect of the matter.
 - 1.4. If the meeting is not open to the public the Trustee shall immediately leave the meeting or the part of the meeting during which the matter is under consideration.

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

2. The general nature of every disclosure made at a board or committee meeting open to the public will be recorded in the minutes of the meeting. If the meeting was closed to the public, the fact that a disclosure was made, but not the general nature of the interest, shall be recorded in the minutes of the next open meeting.
3. As there are many individual considerations and variations when considering issues of conflict of interest, individual Trustees or Boards of Education may wish to seek external legal advice on such matters. In many situations, the individual circumstances must be considered before a determination of conflict can be made.

POLICY 132 ADDRESSING BREACHES OF THE CODE OF CONDUCT

The *School Act* states that the rights, powers, duties, and liabilities of the Board rest only with the legally constituted Board as a whole, not with committees of the Board or with individual Trustees. Members of the Board exercise their privileges and responsibilities as a matter of public trust, and only when the Board is officially in session.

Failure by Trustees to conduct themselves in compliance with Policy 130 Trustee Code of Conduct (the “Code”) may be brought as an allegation by a Trustee or Trustees and may result in the Board imposing sanctions. Matters of conduct may only be brought forward by members of the Board of Education and are addressed as an internal and confidential process.

1. Alleged Breaches of the Code of Conduct

- 1.1. Allegations of breaches of the Code may arise in many diverse circumstances and it is not possible to exhaustively specify in advance what conduct constitutes a breach of this Code.
- 1.2. Disciplinary proceedings concerning Trustees are serious matters that are not undertaken lightly. As Trustees are democratically elected, such proceedings must not be utilized as a response to legitimate policy disagreements.
- 1.3. Notwithstanding the above, the following are provided as examples of conduct that could be subject to sanction or to proceedings, where (a) Trustee(s):

POLICY 310 STUDENT EXPECTATIONS, RIGHTS AND RESPONSIBILITIES

Purpose:

In alignment with the District’s Strategic Plan, the goal is for students to grow into responsible, educated citizens.

General Expectations of Students:

Each student must meet the expectations in the [B.C. Human Rights Code](#). There must be no discrimination or intent to discriminate against a person, or a group or class of persons, based on the prohibited grounds. This means you cannot treat anyone unfairly or try to hurt someone based on their Indigenous identity, race, colour, ancestry, place of origin, religion, marital or family status, physical or mental disability, sex, sexual orientation, gender identity or expression, or age. Making sure everyone acts appropriately is the responsibility of students, their parents/guardians/caregivers, and the District.

Social media (such as Instagram, TikTok, SnapChat, etc.) is a way to use technology for information sharing, discussion and communication, and is an extension of the classroom. This means that if something is not appropriate to do or say at school, it is also not appropriate to do or say online.

School Code of Conduct:

Every school is required to have a School Code, which must be submitted to the Superintendent’s office by October 31st of each year.

When deciding on discipline, the school will consider all relevant circumstances and the developmental and individual needs of students. The school will not discriminate.

POLICY 311 DRESS GUIDELINES FOR STUDENTS

Purpose:

The Board of Education (the “Board”) of the Chilliwack School District (the “District”) knows that respect and inclusivity are needed for safe and positive schools. Dress guidelines let students express themselves, and clothing must be safe for school activities.

Guidelines:

Each school will set its own dress guidelines. These will be made in consultation with parents/guardians/caregivers, staff and students.

These guidelines will:

1. Support inclusivity and gender equity.
2. Focus on safety, not modesty.
3. Be clear and accessible to parents/guardians/caregivers, staff and students.
4. Be constructive, not punitive so correction or discipline is not required.

Staff are responsible for helping students understand and follow the dress guidelines. If a student wears clothing not suited for the day’s activities, staff will respond in a way that avoids shame and does not reduce learning time.

Parents/Guardians/Caregivers must make sure children wear safe clothes to school.

Students must wear clothing that is safe and works for all school activities.

POLICY 312 SUPERVISION OF STUDENTS

Purpose:

The Board of Education (the “Board”) of the Chilliwack School District (the “District”) expects students to be supervised by adults at school and during school events and field trips.

- what the students are doing,
- the age of the students,
- the layout of the space, and

This includes drugs, alcohol, cannabis, tobacco products, vaping devices, and e-cigarettes.

The Board works with students, parents, guardians, caregivers, and the community to address concerns related to substance use.

Using controlled and regulated substances on District property or during school-authorized trips or activities violates the student code of conduct. Violations will result in disciplinary action and may involve the RCMP if needed.

 - Families can request admission to schools outside their catchment area for educational reasons or preferences. Acceptance depends on the space, programs, and District resources available.

POLICY 600 FINANCIAL PLANNING AND REPORTING

The Board recognizes its responsibility for the effective use of funds received from the Ministry of Education and Child Care (the “Ministry”) and other sources. The Board of Education (the “Board”) has a duty to govern the district in a fiscally responsible manner, while supporting the priorities and strategies of its Strategic Plan.

Governance over financial planning and reporting encompasses setting strategic objectives, and then providing resources to achieve those objectives. The Board of Education represents the community and should be open and transparent on the resource allocations along with seeking community input on those allocations. The Board cannot transfer its fiduciary responsibility to management, community, or partners, and must retain responsibility for the final approval and monitoring of the budget plan. Management is responsible to the Board for outlining performance measures to evaluate achievement of the objectives, identifying risks inherent in the budget plan, establishing internal controls over spending, and providing regular financial reporting.

The Board believes that establishing strategic objectives and associated operational plans will enhance student educational outcomes. The Board also believes that aligning funding and resources to those strategic objectives and engaging in multiyear financial planning is crucial for the effective and sustainable operation of the school district. The Board will develop a *Financial Plan* spanning three years and will provide Ministry with the plan.

Guiding Principles:

- The Board will establish a financial plan that allocates resources and reserves to the core operational needs of the district, and to support strategic and long-range plans of the district.

- The Board will review the budget planning processes on an annual basis.

The Board of Education (the “Board”) is committed to the principles of good governance, fiduciary responsibility, and full transparency. The Board demonstrates its commitment to these principles through responsible financial management which includes utilization and reporting of the Accumulated Operating Surplus.

The Board acknowledges that an Accumulated Operating Surplus balance provides a measure of resiliency to mitigate against fluctuations in annual grant funding and other revenues and creates a contingency to manage one-time costs or unforeseen expenditures. Use of the Accumulated Operating Surplus cannot be relied upon to sustain on-going operations and services. The Board can restrict operating surplus for future years.

The Board will ensure that prior to approving the Annual Budget, a consultation process regarding the use of Accumulated Operating Surplus has taken place. The Board will consult and engage with its Partners in Learning. This engagement will be consistent with the budget consultation processes outlined in Policy and will support the Board requirement of a collaborative process that is transparent, inclusive and timely.

The Board will consider the advice and recommendations received prior to approving a separate motion regarding the use of the surplus.

POLICY 650 ACQUISITION AND DISPOSAL OF REAL ESTATE

The Board of Education recognizes the importance of child care for families and aspires to offer childcare at all schools where, amongst other factors, space permits. THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

9. Prior to entering into or renewing a contract with a licensee other than the Board to provide a child care program on Board property, the Board will consider:
 - a. whether it is preferable for the Board to become a licensee and operate a child care program directly;
 - b. the availability of school district staff to provide before and after school care;
 - c. whether, with respect to a licensee seeking renewal or extension of a contract, the

THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 33 (CHILLIWACK) Policy Manual

- licensee has performed its obligations under this Policy and its contract with the Board, with specific regard to performance in respect of providing an inclusive child care program and one that promotes Indigenous reconciliation in child care; and
- d. the utilization of the British Columbia Early Learning Framework to guide and support learning experiences in child care settings.

POLICY 680 STUDENT TRANSPORTATION

The Board of Education has a responsibility to provide safe and reliable transportation to students in a fiscally and environmentally responsible manner. All riders may be charged a fee for service. Rates will be adjusted annually based on the Canadian Consumer Price Index (CPI).

The Board will work with government and other organizations to advocate for active transportation.

POLICY 681 15-PASSENGER VANS

Due to the high risk of rollover crashes in 15-Passenger Vans, the use of these vehicles is strictly prohibited.
