

POLICY 240 FUNDRAISING

Purpose

The Board of Education (The “Board”) of the Chilliwack School District (the “District”) recognizes that fundraising can support schools. Fundraising can help pay for student activities and opportunities that are not covered by the District budgets.

Guidelines

1. Items bought through fundraising become the property of the District.
2. Fundraising activities must align with the [District's core values](#). The school principal approves fundraising done in the name of the school.
3. The school principal will approve how the funds are spent and consult with:
 - school staff,
 - the Parent Advisory Council (PAC) or parent groups, and
 - students involved in the fundraising, or their representatives.
4. The Board does not support engaging a paid professional to raise funds.
